Notes:

- Discussed process for selecting the members for the summer curriculum writing team. Selection will hopefully take place the beginning of May, and members will be informed of our May meeting date in hopes that they can attend
- Worked on creating guiding documents for the curriculum writing team. This includes:
 - Course Philosophy/Intentions
 - Deliverables – Detailed application problem design
 - Rough Draft Schedule of the week
 - Audience: who the course is for?
 - Objectives: Aligned with the CCSS and math practice standards, be college-ready at the end of course, elicit student buy-in
 - Pre-requisites: PLAN scores, Algebra II, ??? All students need to have a 4th year of math

The actual document will be sent to the core team within the next two weeks for feedback.

- **Agenda Items for next meeting:**
 - Finalize Course Philosophy document
 - Finalize the agenda for the June week of work
 - Discuss obtaining application-based problems that hit a variety of topics (see attachment)
 - Continue to bring ideas for resources
- **Next Meeting is Monday, May 14th, 4:00 to 5:30 pm. Room is UBC 123. (Don't forget that there is also a dinner meeting on May 3)**
