

Priority and Final Deadlines for Application

It is usually a good idea to apply to your chosen transfer institution(s) approximately one year before you wish to enter. Here are the recommended deadlines for a variety of institutions. Please note that the deadline refers to completed applications with all supporting documents.

(For many **majors** within a university, the **application deadline is earlier** than that of the university at-large. Please contact the university for its suggested application schedule. Deadlines are subject to change.)
