UNIVERSITY TRANSFER DEGREES
ASSOCIATE IN ARTS DEGREE

These requirements are effective for new students admitted to ECC beginning summer, 1998 or later.

This degree is designed for transfer to four year institutions and intended for students majoring in Art/Commercial Art, Behavioral Sciences, Communications, Criminal Justice, Education, Foreign Languages, Home Economics (Consumer and Family Studies), Humanities, Liberal Arts, Music, Pre-Law, Social Sciences and Theatre.

Graduates earning this degree meet the requirements for coursework on improving human relations as defined in 110 ILCS 205/9.21 (formerly Ill.Rev. Stat. 1991 Ch. 144 sec. 189.21) or PA-87-581.

The college recommends all students create an Educational Plan with a counselor in the ECC Counseling Center prior to registering. Students with previous academic, career and life experiences are encouraged to have a transcript analysis completed and to investigate CLEP and ECC Proficiency Credit to fulfill prerequisite, course and/or degree requirements.

Each of the courses listed below has an Illinois Articulation Initiative (IAI) equivalent number. Refer to the Course Description section in this catalog for course titles, IAI numbers, and specifics.

1. GENERAL EDUCATION REQUIREMENT ............ 37 sem. hrs.

A. Communications ...................................................... 9 sem. hrs.
Three courses including a two course sequence in writing (6 semester credits) and one course (3 semester credits) in oral communication. A C or better in English (ENG) 101 and 102 is required for those students entering summer 1999 or later.

ENG - English 101 and 102 ........................................... 6 sem. hrs.
SPH - Speech 101 ...................................................... 3 sem. hrs.

B. Mathematics ............................................................ 3 sem. hrs.
One course from the list below-
MTH - Math 101, 102, 120, 125, 126, 133, 134, 201
MTH 113 (for elementary education majors only)

C. Physical and Life Sciences ................................. 7 sem. hrs.
Two courses with one course selected from the life sciences and one course from the physical sciences and including one laboratory course
(Note: L=Lab)
Physical Sciences
ATY - Astronomy 100
CHM - Chemistry 115L
CHM 101L, 112L, 142L (only one counts for IAI Physical Sciences course)
GEO - Geography 115
GLY - Geology 105, 112L
PHY - Physics 101L, 111L
SPC - Physical Science 111L, 211L
Life Sciences
BIO - Biology 110L, 113L, 115L, 135L, 150L
ZOL - Zoology 101L

D. Humanities and Fine Arts ...................................... 9 sem. hrs.
Three courses with at least one course selected from humanities and at least one course from the fine arts
(Note: N=human diversity from a non-western perspective; D=human diversity within the United States)

Humanities
Foreign Languages FLF 104, FLG 104, FLS 104 (only one counts for IAI Humanities course)
HIS - History 118, 160
HUM - Humanities 110, 112, 113, 170N, 202, 203N, 204, 205, 216

SOC-Sociology 100, 201, 209D, 210, SOC 220D
PSY 215, SOC 215 (only one counts for IAI Behavioral Sciences course)

2. MAJOR FIELD & ELECTIVE COURSES .................. 23 SEM. HRS.

Students should choose an intended major at a transfer institution as soon as possible and select courses which are required for their major.

After fulfilling required courses for their major, students may complete this area with electives. In general, any course numbered 100 or above with a 1.1 code in the course description may be used. If the student wishes to enroll in a course which does not have a 1.1 code he/she should see a counselor prior to enrolling to discuss the transferability of the course.

3. COLLEGE REQUIREMENTS

1. A total of 60 hours or more must be completed as specified. This total cannot include any credits earned in courses numbered below 100 nor any courses with DPB or ESL prefixes. The 60 hours total may include up to four hours of credit in Physical Education, courses prefixed by PHC, PHM, or PHW.

2. A minimum cumulative grade point average of 2.0 for all courses numbered 100 and above.

3. Meet the college’s Academic Residency requirement which means a minimum of 15 semester hours in courses numbered 100 and above must have been achieved at ECC, excluding CLEP and proficiency credits.

4. Fulfill the requirements of Illinois Senate Bill 195 in one of the following ways:
   a. A transcript from an Illinois high school, college or university (or GED scores) which shows evidence that the Constitution requirement has been met since 1953 and is on file in the ECC Records Office.
   b. A passing grade in either POS 150 or HIS 151 at ECC or its equivalent at another Illinois college or university.
   c. Successful completion of a Constitution Review test at ECC.
These requirements are effective for new students admitted to ECC beginning summer, 1998 or later.

This degree is designed for transfer to four year institutions and intended for students majoring in Aviation, Business, Computer & Information Sciences, Engineering, Health related fields, Math, Physical Education/Recreation, Pre-medicine/dentistry, and Science.

Graduates earning this degree meet the requirement for coursework on improving human relations as defined in 110 ILCS 205/9.21 (formerly Ill.Rev. Stat. 1991 Ch. 144 sec. 189.21) or PA-87-581.

UNIVERSITY TRANSFER DEGREES
ASSOCIATE IN FINE ARTS DEGREE

These requirements are effective for new students admitted to ECC beginning summer, 1998 or later.

Visual Art Emphasis

Illinois colleges and universities offer two different bachelor's degrees in art: the professional Bachelor of Fine Arts (B.F.A.) Degree and the Bachelors of Arts (B.A.) Degree with a major in art. In general, the B.F.A. Degree requires about 135 semester credits for completion, while the B.A. degree with a major in art requires 120 to 124 semester credits for completion. The B.F.A. degree generally requires more studio art courses than does the B.A. degree. In some colleges and universities, a B.A. degree requires competency in a foreign language, while the B.F.A. degree often does not.

To transfer as a junior into either a B.F.A. or a B.A. program with a major in art, students should select the option described below in consultation with a faculty member in the art department. Since transfer admission is competitive, completion of this option does not guarantee admission. Most institutions require a portfolio review for admission to a B.F.A. program, for registration in advanced studio art courses, and/or for scholarship consideration. Community and junior college students are strongly encouraged to complete an associate degree before transferring.

The General Education courses required for the A.F.A. degree are approved by the Illinois Articulation Initiative (IAI); however, the structure of the A.F.A. degree does not meet the minimum IAI general education core requirements.

1. GENERAL EDUCATION REQUIREMENT .......... 31-33 sem. hrs.

- Painting, ART 107, *108
- Ceramics, ART 105, *106
- Sculpture, ART 103, *104
- Printmaking, ART 113, *114
- Jewelry and Metalworking, ART 111, *112
- Photography, ART 120, *121

*Transferability of this course is dependent on a portfolio examination at the senior institution.
MUSIC PERFORMANCE EMPHASIS
Any community or junior college student who intends to major in music for the baccalaureate degree is strongly encouraged to complete the Associate in Fine Arts (A.F.A.) Degree in music, not the Associate in Arts (A.A.) Degree or the Associate in Science (A.S.) Degree prior to transfer.

To transfer as a junior into either a baccalaureate program with a major in Music, students should select the option described in consultation with a faculty member in the music department. Completion of the A.F.A. degree, however, does not fulfill the requirements of the Illinois General Education Core Curriculum, nor does it fulfill the requirements for the A.A. or the A.S. degree. Therefore, students will need to fulfill the general education requirements of the institution to which they transfer. Transfer admission is competitive. Completion of this option alone does not guarantee admission either to the baccalaureate program or to upper-division or specialty music courses. Students may be required to demonstrate skill level through auditions and placement testing at the institution to which they transfer. In some colleges and universities, a baccalaureate degree may also require competency in a foreign language.

The General Education courses required for the A.F.A. degree are approved by the Illinois Articulation Initiative (IAI); however, the structure of the A.F.A. degree does not meet the minimum IAI general education core requirements.

3. COLLEGE REQUIREMENTS

1. A total of 60 hours or more must be completed as specified. This total cannot include any credits earned in courses numbered below 100 nor any courses with DPB or ESL prefixes. The 60 hours total may include up to four hours of credit in Physical Education, courses prefixed by PHC, PHM, or PHW.

2. A minimum cumulative grade point average of 2.0 for all courses numbered 100 and above.

3. Meet the college’s Academic Residency requirement which means a minimum of 15 semester hours in courses numbered 100 and above must have been achieved at ECC, excluding CLEP and proficiency credits.

4. Fulfill the requirements of Illinois Senate Bill 195 in one of the following ways:
   a. A transcript from an Illinois high school, college or university (or GED scores) which shows evidence that the Constitution requirement has been met since 1953 and is on file in the ECC Records Office.
   b. A passing grade in either POS 150 or HIS 151 at ECC or its equivalent at another Illinois college or university.
   c. Successful completion of a Constitution Review test at ECC.
These requirements are effective for new students admitted to ECC beginning Summer 1998.

Bachelor's engineering programs are highly structured to meet the Accreditation Board for Engineering and Technology (ABET) standards required for candidates seeking Illinois registration as a professional engineer. The Associate in Engineering Science (AES) Degree is designed to parallel the first two years of pre-engineering programs at most Illinois universities and facilitates students transferring into a bachelor's engineering program with junior standing.

Due to the rigor of the AES curriculum, it is ideal for students to have taken a fourth course of math in high school, or at least have an aptitude in science and math.

Students should select courses in consultation with a counselor and should decide on their engineering specialty and their preferred transfer school at the beginning of the sophomore year (at 30 semester hours), since engineering course selections may vary by specialty and school. Admission into engineering is very competitive. Completion of the pre-engineering courses alone does not guarantee admission to an engineering program.

The General Education courses required for the AES degree are approved by the Illinois Articulation Initiative (IAI); however, the structure of the AES does not meet the minimum IAI General Education Core Requirements. Students will need to complete the general education requirements of the school to which they transfer.

3. **College Requirements**

   **A.** A total of 60 hours or more must be completed as specified. This total cannot include any credits earned in courses numbered below 100 nor any courses with DPB or ESL prefixes.

   **B.** No course with a grade less than C will transfer; transfer admission is very competitive.

   **C.** Meet the college's Academic Residency requirement, which means a minimum of 15 semester hours in courses numbered 100 and above must have been achieved at ECC, excluding CLEP and proficiency credits. Fill the requirements of Illinois Senate Bill 195 in one of the following ways:

   a. a transcript from an Illinois high school, college or university (or GED scores) which shows evidence that the Constitution requirement has been met since 1953 and is on file in the ECC Records Office.
   
   b. a passing grade in either POS 150 or HIS 151 at ECC or its equivalent at another Illinois college or university.
   
   c. Successful completion of a Constitution Review test at ECC.
This highly individualized degree combines both liberal arts and sciences and occupational education course work. It provides a greater element of freedom for the student and is especially beneficial for anyone with broad life or educational experiences.

Because of the individualized nature of this degree, all students pursuing it should develop an educational plan with a counselor and should discuss transfer implications as they develop the plan.

The college requires these students to have a plan of study approved by the Dean of Students or the Associate Dean of Counseling and Career Services on file.

Students with previous academic, career and life experiences are encouraged to investigate the options of proficiency credit to substitute their acquired knowledge for prerequisite, course and/or degree requirements.

This degree is intended to articulate to universities offering the Board of Governor's baccalaureate degree. Transfer of this degree to institutions which do not offer it may result in some loss of credit. Universities offering the Board of Governor's degree are:

- Chicago State University
- Eastern Illinois University
- Governors State University
- University of Illinois at Springfield
- Western Illinois University

Graduates earning this degree meet the requirement for coursework on improving human relations as defined in 110 ILCS 205/9.21 (for-
These requirements are effective for new students admitted to ECC beginning summer, 2002.

The college recommends that all students create an Educational Plan with a counselor in the ECC Counseling Center prior to registering. Students with previous academic, career and life experiences are encouraged to investigate the proficiency credit options to substitute their acquired knowledge for prerequisite, course and/or degree requirements.

This degree is not intended for transfer. For information about courses in the curricula that will transfer or about a transfer-oriented program, see an ECC counselor.
